

Motivate employees and recognize excellence with Rewarding You, a points-based platform designed to help you achieve your company's goals through your employees' interests.

Award Points for Productivity

Uncovering hidden potential, bridging the gap between average and top performers, and driving brand loyalty are easy with Rewarding You, One10's rewards and recognition platform. We understand that people work harder when they know they are appreciated.

According to surveys, 79% of employees say that recognition makes them work harder, and 78% say they are more productive after being rewarded. Knowing this, we built a platform that takes both your goals and your employees' interests into account, offering millions of global awards in our convenient, online catalog.
